

What a bright idea!

TRY THIS WITH YOUR CHILD:

Ready for a Voyage

Pretend your class is on a voyage to Tierra del Fuego. Have each student find five items in the newspaper that he/she thinks would be useful on the voyage. Write a sentence explaining the value of each item.

Standards Link: Writing Conventions: Write complete single, compound and complex sentences.

There's a world of fun & learning in the newspaper every day! Visit our Bright Ideas Lesson Library for hundreds of math, science, social science and language arts activities using the newspaper.
